RE: Laboratory Certification

Lab ID: 87779  
SGS North America  
Out of State  
Acceptance  
Laboratory Certification

Dear Ms. Izosimova:

This office is in receipt of your certificate of accreditation and acceptable proficiency testing results for Per/Polyfluorinated Alkyl Substances – PFAS compounds (PFOA, PFOS, PFNA, PFHxS, PFBS and GenX) analysis in drinking water (by EPA Methods 533 and 537.1, rev. 2) issued by the Florida Department of Health, Bureau of Public Health Laboratories Accreditation Program.

Based on this information and pursuant to Ohio Administrative Code (OAC) Rule 3745-89-02, the analytical results of PFOA, PFOS, PFNA, PFHxS, PFBS and GenX analysis performed by your laboratory on drinking water samples are acceptable to the Ohio EPA for compliance monitoring purposes. This acceptance is effective for the above-listed PFAS compounds (EPA Methods 533 and 537.1, rev. 2) and will expire on the expiration date given on the laboratory certificate, **June 30, 2026**.

Your laboratory is required to provide this office with copies of any letters or reports, as they become available, which relate to your acceptance status for PFAS analysis as determined by the State of Florida Department of Health, Bureau of Public Health Laboratories program.

Your laboratory must maintain satisfactory performance for PFAS analysis, including the reporting requirements as specified in OAC Rule 3745-89-08.

Please contact Brian Tarver, Division of Drinking and Ground Waters, at [Brian.Tarver@epa.ohio.gov](mailto:Brian.Tarver@epa.ohio.gov) or (614) 644-2752 for information on reporting results using the electronic Drinking Water Reports (eDWR).

If you have any questions, please contact me at (614) 644-4222 or [DWLabCert@epa.ohio.gov](mailto:DWLabCert@epa.ohio.gov).

Sincerely,

**Julie Spangler**
