Subject: Texas NELAP amendment application

Dear Mr. Sampson:

Based on the amendment requests submitted on May 19, 2026, I am enclosing an updated NELAP accreditation certificate and Fields of Accreditation listing. They replace the previous ones issued on January 01, 2026.

Please review the enclosures for accuracy and completeness. Your laboratory's accreditation is valid until the expiration date on the certificate and scope, contingent on continued compliance with the requirements of the state of Texas as well as those of your primary accreditation body.

Please contact me by electronic mail at frank.jamison@tceq.texas.gov if I can provide any additional information or assistance.

Sincerely,
