Note: {1} Submission of samples to SGS is acknowledgement that you have been provided direction on sample collection/handling and transportation of samples. https://ohsguide.ihsa.ca/en/topic/asbestos.html {2} Submission of samples to SGS is considered authorization for completion of work. Signatures may appear on this form or be retained on file in the contract, or in an alternative format (e.g. shipping documents). {3} Results may be sent by email to an unlimited number of addresses for no additional cost. Fax is available upon request. {4} Completion of work may require the subcontracting of samples between the London and Lakefield laboratories. {5} As per Ontario Regulation 278/05, three samples are required of any homogenous material tested for asbestos. If less than three samples are supplied, the client acknowledges that the sample number is below the prescribed minimum as per Ontario Regulation 278/05.
